

## Cotillo - £74,900.00

This boat was lovingly built and fitted out by the owners in conjunction with leading professionals in the industry. Although it has only ever been used for leisure, it was fitted out to suit liveaboard needs. As such it has the popular saloon, galley and separate pullman dining area layout. The sellers are very proud of this boat and have sought to ensure that it is in tip top condition for the next owners by having had it blacked and the cabin partially re-painted. There was also a new canopy put on in 2025. They have also looked to offer a prospective buyer peace of mind by having it hull surveyed and a new BSC added in preparation for sale.
