

Finnuala - £34,990.00

Although this is an older boat, it is truly delightful in its internal and external presentation. It was built by a quality shell builder and has had extensive investment by the previous and current owner that includes a new Beta engine, upgraded electrics, galvanic isolator (2022) and internal upgrades that include new galley and bathroom. In 2022 the integral water tank was taken back to bare metal and a specialist water tank 2 pack epoxy was applied to reseal it. She makes for an ideal compact liveaboard or extensive holiday boat at an attractive go anywhere length.

Boat Specification:	Engine Details:	Specifications:
